Student Success Stories

Working on real-world projects during the Power Apps course gave me hands-on experience in building scalable business applications. With expert guidance, I created fully functional low-code apps and confidently landed my first role in the field.

Karthika C
Power Apps Developer

This course offered practical training with Canvas Apps, Model-Driven Apps, and Power Automate. Completing live projects with mentor support strengthened my skills and helped me confidently start my career in low-code development.

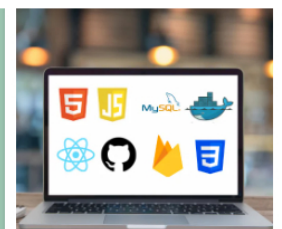

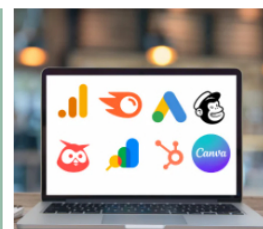

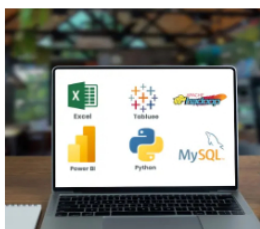

Manimegalai
Student

Power Apps training completely transformed my career journey. The hands-on exercises and project work taught me to design and automate apps effectively. Now, I'm working as a Power Apps Developer, creating solutions that improve business workflows.
